Dear Sir:

I am enclosing check in payment of enclosed bill. In regards to Mr. Christopher's account, I am only paying it because I do not want the ball players owing bills, but I want to tell you at this time do not do any work for any one in the future and plan to send the bill to me without my authorization, as I will not be responsible for it and will not pay any bills other than those I have incurred.

Very truly yours,
